Description of works			
		<p><i>The Municipality of Vojnić is a partner in a cross-border project for the protection of chestnut named "Protection and promotion of chestnut" - Opartion ID: HR-BA-ME-283 within the Cross-border Cooperation Program Croatia - Bosnia and Herzegovina - Montenegro ("Interreg IPA Cross-border Cooperation Program Croatia - Bosnia-Montenegro"). Together with six partners from Croatia and Bosnia and Herzegovina, the Municipality of Vojnic wants to achieve several goals of this project of which is the most important protection of the chestnut trees and its promotion as a fruit culture that can be grown in permanent orchards among local agricultural producers. It is intended that by planting a demonstration chestnut plantation promote the values of chestnut as a fruit that can be grown in permanent crops and to give a positive example for local agricultural producers. With this investment, it is planned to carry out preparation of the land, to plant and equip of a new modern chestnut plantations, to make protective fence to prevent damages of wild animals and to equip new orchard with a simple irrigation system. The location of new plantation is in village Donja Brusovača (K.O. Krstinja, k.č. 3767 and k.č. 3768). Detailed description of the works needed together with the list of sorts of seedling and exact plan for planting is described in the document named Technological study for planting chestnut plantation ("Tehnološki elaborat za podizanje trajnog nasada pitomog kestena" which is attached to this document.</i></p>	<p><i>Tenderers offer/response to the project partner requirements</i></p>
